INDEPENDENT AUDITORS' REPORT

November 1, 2016

Board of Education
Bedford Public Schools
Temperance, Michigan**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of *Bedford Public Schools* (the "District"), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of Bedford Public Schools as of June 30, 2016, and the respective changes in financial position thereof and the budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules for the pension plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

BEDFORD PUBLIC SCHOOLS

Management's Discussion and Analysis

As management of Bedford Public Schools, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2016.

Financial Highlights

· Total net position	\$ (37,729,973)
· Change in total net position	(1,611,947)
· Fund balances, governmental funds	868,706
· Change in fund balances, governmental funds	60,589
· Unassigned fund balance, general fund	248,149
· Change in fund balance, general fund	(56,043)
· Installment debt outstanding	2,456,826
· Change in installment debt	1,574,328

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, community services, athletics and food service. The District had no business-type activities during the year.

BEDFORD PUBLIC SCHOOLS

Management's Discussion and Analysis

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains nine individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund which is considered to be a major fund. Data from the other eight governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements or schedules have been provided for the general fund and special revenue funds herein to demonstrate compliance with those budgets.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This is limited to this management's discussion and analysis and the schedules for the MPSERS pension plan immediately following the notes to the financial statements. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the above required supplementary information.

BEDFORD PUBLIC SCHOOLS

Management's Discussion and Analysis

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a district's financial position. In the case of the District, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$37,729,973 at the close of the most recent fiscal year.

	Net Position	
	Governmental Activities	
	2016	2015
Assets		
Current and other assets	\$ 14,909,124	\$ 14,526,824
Capital assets, net	21,566,698	21,416,511
Total assets	36,475,822	35,943,335
Deferred outflows of resources	9,722,561	7,007,062
Liabilities		
Other liabilities	80,360,792	70,971,419
Long-term liabilities	3,347,937	1,767,955
Total liabilities	83,708,729	72,739,374
Deferred inflows of resources	219,627	6,329,049
Net position		
Net investment in capital assets	19,937,487	20,531,650
Restricted	588,504	276,759
Unrestricted (deficit)	(58,255,964)	(56,926,435)
Total net position	<u>\$(37,729,973)</u>	<u>\$ (36,118,026)</u>

A portion of the District's net position (\$19,937,487) reflects its investment in capital assets (e.g., land, buildings, vehicles, and equipment); less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to the students it serves; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The deficit of \$58,255,964 in unrestricted net position of governmental activities represents the accumulated results of all past years' operations including the impact of implementing GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. More detailed information on this can be seen at Note 15 in the notes to financial statements. This number represents the amount that would remain if the District had to pay all bills today, including all noncurrent liabilities. This figure is comparable to a business' "net worth" or "owners' equity". This balance is directly affected each year by the District's operating results.

BEDFORD PUBLIC SCHOOLS

Management's Discussion and Analysis

The results of this year's operations for the District as a whole are reported in the statement of activities, which shows the changes in net position for the fiscal year 2016.

	Changes in Net Position	
	Governmental Activities	
	2016	2015
Revenues		
Program revenues:		
Charges for services	\$ 3,698,761	\$ 1,807,328
Operating grants and contributions	6,643,085	7,176,143
General revenues:		
Property taxes	3,235,408	4,457,033
State school aid	29,045,441	28,894,055
Grants and contributions not restricted to specific programs	1,379,534	17,140
Other	25,223	280,636
Total revenues	44,027,452	42,632,335
Expenses		
Instruction	26,383,724	25,403,544
Support services	14,981,376	14,327,703
Community services	1,131,974	1,200,578
Athletics	963,598	777,449
Food service	1,145,292	1,253,697
Unallocated depreciation	835,529	792,517
Interest on long-term debt	197,906	135,015
Total expenses	45,639,399	43,890,503
Change in net position	(1,611,947)	(1,258,168)
Net position:		
Net position, beginning of year	(36,118,026)	21,460,759
Restatement for implementation of GASB 68	-	(56,320,617)
Net position, end of year	<u>\$(37,729,973)</u>	<u>\$ (36,118,026)</u>

Governmental activities. Net position decreased by \$1,611,947.

The key elements of this decrease are as follows:

- . Maintaining student enrollment.
- . Careful spending to compensate for increased retirement and health care costs.
- . Refunding of 2005 bonds decreasing annual interest cost.
- . Addition of installment purchase agreement loans and payments.
- . Payroll costs increase due to triggers being met.

BEDFORD PUBLIC SCHOOLS

Management's Discussion and Analysis

Financial Analysis of the Government's Funds

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$868,706, an increase of \$60,589 in comparison with the prior year. Approximately 28% of this total amount (\$247,154) constitutes unassigned fund balance, which is available for spending at the District's discretion. The District reports restricted fund balances to indicate those amounts that are for a specific purpose and reports committed fund balances to indicate amounts that are constrained for specific purposes by the formal action of the District's Board of Education.

The general fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$248,149. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 0.6% of the total general fund expenditures and transfers out and total fund balance represents approximately 0.7% percent of total general fund expenditures and transfers out.

The unassigned fund balance of the District's general fund decreased by \$51,938 during the current fiscal year and the total fund balance of the District's general fund decreased by \$56,043. This decrease can be partially attributed to loan payments on installment purchase agreements, unanticipated equipment repairs, and increased payroll costs due to meeting triggers in employment contracts.

General Fund Budgetary Highlights

Over the course of the year, the District revises its budget as it attempts to deal with changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. The final amendment to the budget was actually adopted just before year end. A statement showing the District's original and final budget amounts compared with amounts actually earned and expended is provided in these financial statements.

Differences between the original and final amended budgets related to updates in salaries and benefits costs as a result of triggers being met, installment purchase agreement loan payments, and student count for the District. Once this additional information was known, subsequent budget amendments recognized the additional revenue and additional planned expenditures and the individual various District program budgets were adjusted accordingly.

Capital Asset and Debt Administration

Capital assets. The District's investment in capital assets for its governmental activities as of June 30, 2016, amounted to \$21,566,698 (net of accumulated depreciation). This investment in capital assets includes land improvements, buildings and improvements, machinery and equipment and vehicles. The District's total capital assets increased by \$150,187, due primarily to bus purchases.

BEDFORD PUBLIC SCHOOLS

Management's Discussion and Analysis

Long-term debt. At the end of the current fiscal year, the District had total installment debt outstanding of \$2,456,826. This amount represents the general obligations of the District that do constitute an indebtedness of the District within any constitutional or statutory limitations.

The District's total debt increased by \$1,579,982 during the current fiscal year, due primarily to issuance of new installment purchase agreements.

Factors Bearing on the District's Future

Our elected school board officials and administration considered many factors when setting the District's 2017 fiscal year budget. One of the most important factors affecting the budget is our student count. The State foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. Currently, the blended count for the 2016 fiscal year is 10 percent of February 2016 and 90 percent of the October 2016 student counts. The 2017 fiscal year budget was adopted in June 2016, based on an estimate of students that will be enrolled in October 2016. Approximately 81% of general fund revenues received by the District are directly related to the foundation allowance (58% from the state and 23% from non-homestead local property taxes). Under State law, the District cannot access additional property tax revenue for general operations. As a result, District funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2016-2017 school year, we anticipate that the fall student count will approximate the blended count of 2015-2016. Once the final student count and related per pupil funding is validated, State law requires the District to amend the budget if actual District resources are not sufficient to fund original appropriations.

Since the District's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to school districts. There is also opportunity this fiscal year for incentive funding provided by the State. Those guidelines will be proved to the District at a later date. The 2016 foundation allowance for the district is \$7,391. The District must continue to meet increased contractual obligations, increasing health care costs, and State mandated retirement rates through continued budget management and attracting student enrollment.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Bedford Public Schools Business Office, 1623 West Sterns Road, Temperance, MI 48182.

Reconciliation

Net Changes in Fund Balances of Governmental Funds
to Changes in Net Position of Governmental Activities
For the Year Ended June 30, 2016

Net change in fund balances - total governmental funds	\$ 60,589
Amounts reported for <i>governmental activities</i> in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Capital assets purchased	985,716
Depreciation expense	(835,529)
Bond proceeds provide current financial resources to governmental funds in the period issued, but issuing bonds or obtaining financing through capital leases increases long-term liabilities in the statement of net position. Repayment of bond principal or other long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
Principal payments on long-term debt	522,358
Proceeds from issuance of long-term debt	(2,096,686)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the fund.	
Change in net pension liability and related deferred amounts	(231,328)
Change in accrued interest payable on long-term debt	(11,413)
Change in the accrual for compensated absences	(5,654)
Change in net position of governmental activities	<u>\$ (1,611,947)</u>

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Bedford Public Schools (the “District”) has followed the guidelines of the Governmental Accounting Standards Board and has determined that no entities should be included in its basic financial statements as component units. Therefore, the reporting entity consists of the primary government financial statements only. The criteria for including a component unit include significant operational or financial relationships with the District.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District had no business-type activities during the year.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting* as are the fiduciary fund financial statements. However, agency funds do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

Property taxes, intergovernmental revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental fund -

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those accounted for and reported in another fund.

Additionally, the District reports the following fund types:

The *special revenue funds* are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.

Capital projects funds are used to account for all financial resources restricted, committed or assigned to expenditure for the acquisition or construction of capital assets.

The *agency fund* accounts for assets held for other groups and organizations and is custodial in nature.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

The effect of interfund activity has been eliminated from the government-wide financial statements.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Equity

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments, if any, for the District are reported at fair value.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans).

Accounts payable and other payables reflected in the financial statements are based on when the liability is incurred.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets of the primary government are depreciated using the straight-line method over the following estimated useful lives:

	Years
Land improvements	20
Buildings and improvements	50
Machinery and equipment	5-20
Vehicles	8

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District reports deferred outflows of resources related to the net pension liability. A portion of these costs represent contributions to the plan subsequent to the plan measurement date.

Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused sick pay benefits. These are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

Depending on their respective contracts, some employees accrue sick leave each year, which accumulates if not used. Certain contracts allow for sick time to be paid upon termination if they have ten or more years of service with the District, while other contracts allow for sick time to be paid upon death with no minimum years of service. The maximum payout upon termination varies, depending on the employee's contract.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds also report unavailable revenues, which arise only under a modified accrual basis of accounting that are reported as deferred inflows of resources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District's deferred inflows of resources related to pension costs.

Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the governmental activities statement of net position. Where applicable, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received in debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Fund Equity

Governmental funds report *nonspendable fund balance* for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. *Restricted fund balance* is reported when externally imposed constraints are placed on the use of the resources by grantors, contributors, or laws or regulations of other governments. *Committed fund balance*, if any, is reported for amounts that can be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority, the Board of Education. A formal resolution of the Board of Education is required to establish, modify or rescind a fund balance commitment. The District reports assigned fund balance for amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The Board of Education has delegated the authority to assign fund balance to the Superintendent or his/her designee. Unassigned fund balance is the residual classification for the general fund.

When the District incurs an expenditure for purposes for which various fund balance classifications can be used, it is the District's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

2. BUDGETARY INFORMATION

The general and special revenue funds are under formal budgetary control. Budgets shown in the financial statements are adopted annually on a basis consistent with generally accepted accounting principles (GAAP), and are not significantly different from the modified accrual basis used to reflect actual results, and consist only of those amounts contained in the formal budget as originally adopted or as amended by the Board of Education. The budgets for the general and special revenue funds are adopted on a functional basis.

3. EXCESS OF EXPENDITURES OVER BUDGET

P.A. 621 of 1978, as amended, provides that a government shall not incur expenditures in excess of the amount appropriated. The approved budgets of the District were adopted on a detailed functional level basis.

During the year ended June 30, 2016, the District incurred expenditures in excess of the amounts appropriated at the legal level of budgetary control as follows:

	Final Budget	Actual	Variance
General fund			
Support services:			
Instructional services	\$ 980,659	\$ 1,049,534	\$ 68,875
School administration	2,815,256	2,905,223	89,967
Debt service -			
Interest	155,580	186,493	30,913
Capital outlay	816,759	819,236	2,477
Transfers out	-	24,054	24,054
Food service fund			
Food service	1,068,679	1,141,383	72,704

Latchkey fund			
Community services	327,844	337,911	10,067
Transfers out	14,449	14,463	14

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

4. DEPOSITS AND INVESTMENTS

A reconciliation of cash and investments as shown on the Statement of Net Position and Statement of Fiduciary Assets and Liabilities follows:

Statement of Net Position -	
Cash and cash equivalents	\$ 8,466,386
Statement of Fiduciary Assets and Liabilities	
Agency fund -	
Cash and cash equivalents	<u>601,865</u>
Total	<u><u>\$ 9,068,251</u></u>
Deposits and investments:	
Bank deposits (checking accounts, savings accounts)	\$ 9,055,799
Certificates of deposit - due within one year	10,902
Cash on hand	<u>1,550</u>
Total	<u><u>\$ 9,068,251</u></u>

Statutory Authority

State statutes authorize the District to deposit and invest in:

- a. Bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State. In a primary or fourth class school district, the bonds, bills, or notes shall be payable at the option of the holder upon not more than 90 days notice or, if not so payable, shall have maturity dates not more than 5 years after the purchase dates.
- b. Certificates of deposit insured by a State or national bank, savings accounts of a state or federal savings and loan association, or certificates of deposit or share certificates of a state or federal credit union organized and authorized to operate in this State.
- c. Commercial paper rated prime at the time of purchase and maturing not more than 270 days after the date of purchase.
- d. Securities issued or guaranteed by agencies or instrumentalities of the United States government or federal agency obligation repurchase agreements, and bankers' acceptance issued by a bank that is a member of the federal deposit insurance corporation.
- e. Mutual funds composed entirely of investment vehicles that are legal for direct investment by a school district.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

f. Investment pools, as authorized by the surplus funds investment pool act, composed entirely of instruments that are legal for direct investment by a school district.

The District’s investment policy allows for all of these types of investments.

Investment and Deposit Risk

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified in list of authorized investments above. The District’s investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District had no investments at year end.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in the list of authorized investments above. The District’s investment policy does not have specific limits in excess of state law on investment credit risk. The District had no investments at year end.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District’s deposits may not be returned. State law does not require and the District does not have a policy for deposit custodial credit risk. As of year end, \$8,733,886, of the District’s bank balance of \$9,581,614 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial Credit Risk - Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the District does not have a policy for investment custodial credit risk. The District had no investments at year end.

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified in the list of authorized investments above. The District’s investment policy does not have specific limits in excess of state law on concentration of credit risk. The District had no investments at year end.

5. RECEIVABLES

Receivables as of year end for the District’s individual major funds and nonmajor funds in the aggregate, are as follows:

	General Fund	Nonmajor Funds	Total
Accounts receivable	\$ 73,187	\$ 113,028	\$ 186,215
Due from other governments	6,188,607	21,342	6,209,949
	<u>\$ 6,261,794</u>	<u>\$ 134,370</u>	<u>\$ 6,396,164</u>

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

6. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2016 was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Governmental activities				
Capital assets being depreciated:				
Land improvements	\$ 1,197,168	\$ -	\$ -	\$ 1,197,168
Buildings and improvements	39,346,709	164,341	-	39,511,050
Machinery and equipment	982,103	40,145	-	1,022,248
Vehicles	4,654,809	781,230	596,081	4,839,958
Total capital assets being depreciated	<u>46,180,789</u>	<u>985,716</u>	<u>596,081</u>	<u>46,570,424</u>
Less accumulated depreciation for:				
Land improvements	(1,176,576)	(3,112)	-	(1,179,688)
Buildings and improvements	(18,888,195)	(667,712)	-	(19,555,907)
Machinery and equipment	(912,736)	(22,789)	-	(935,525)
Vehicles	(3,786,771)	(141,916)	(596,081)	(3,332,606)
Total accumulated depreciation	<u>(24,764,278)</u>	<u>(835,529)</u>	<u>(596,081)</u>	<u>(25,003,726)</u>
Capital assets, net	<u>\$ 21,416,511</u>	<u>\$ 150,187</u>	<u>\$ -</u>	<u>\$ 21,566,698</u>

Depreciation expense of \$1,082,544 was reported as “unallocated depreciation”, and was not allocated to specific functions.

7. PAYABLES

Accounts payable and accrued liabilities as of year end for the District’s individual major funds and nonmajor funds in the aggregate, are as follows:

	General Fund	Nonmajor Funds	Total
Accounts payable	\$ 1,048,510	\$ 129,158	\$ 1,177,668
Interest payable	117,526	-	117,526
Salaries payable	3,646,904	64,265	3,711,169
	<u>\$ 4,812,940</u>	<u>\$ 193,423</u>	5,006,363
Accrued interest on long-term debt			<u>13,776</u>
			<u>\$ 5,020,139</u>

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

8. INTERFUND TRANSFERS

For the year ending June 30, 2016, interfund transfers consisted of the following:

	Transfers out	Transfers in
General fund	\$ 24,054	\$ 78,405
Nonmajor governmental funds	99,664	45,313
	<u>\$ 123,718</u>	<u>\$ 123,718</u>

Transfers are used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. For the year ended June 30, 2016, the District transferred \$30,000 from the food service fund to the general fund to cover indirect costs, transferred \$15,243 and \$21,259 of unrestricted revenue from the recreation fund to the latchkey and general funds, respectively. Additionally, \$4,935 from the health van fund, \$13,764 from the senior center fund and \$14,463 were transferred to the general fund for indirect costs.

9. LONG-TERM DEBT

The following is a summary of long-term debt transactions of the District for the year ended June 30, 2016:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Installment purchase agreements	\$ 778,985	\$ 2,096,686	\$ (496,269)	\$ 2,379,402	\$ 491,874
Notes payable	103,513	-	(26,089)	77,424	77,424
Total installment debt	<u>882,498</u>	<u>2,096,686</u>	<u>(522,358)</u>	<u>2,456,826</u>	<u>569,298</u>
Compensated absences	<u>885,457</u>	<u>221,364</u>	<u>(215,710)</u>	<u>891,111</u>	<u>222,800</u>
	<u>\$ 1,767,955</u>	<u>\$ 2,318,050</u>	<u>\$ (738,068)</u>	<u>\$ 3,347,937</u>	<u>\$ 792,098</u>

Installment purchase agreements at year end are comprised of the following:

\$926,528 for the purchase of ten school buses due in annual installments ranging from \$147,543 to \$161,467 through 2020; interest rate at 1.82%

\$ 628,757

continued...

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

\$311,724 for the purchase of media center technology due in annual installments ranging from \$49,733 to \$53,699 through 2020; interest rate at 1.58%	\$ 258,485
\$570,655 for the purchase of buses, due in annual installments ranging from \$92,453 to \$98,424 through 2021; interest at 1.58%	477,076
\$7,755 for the purchase of sixty roughneck stands and seventy-five student chairs, due in installments ranging from \$1,272 to \$1,338 through 2021; interest rate at 1.58%	6,483
\$14,400 for the purchase of one cello and one bass due in annual installments ranging from \$2,333 to \$2,484 through 2021; interest at 1.58%	12,038
\$217,169 for the purchase of ELA curriculum materials for 6th grade through 12th grade students due in annual installments ranging from \$35,183 to \$37,456 through 2021; interest rate at 1.58%	181,544
\$245,550 for the purchase of ELA curriculum materials for young 5s through 12th grade students due in annual installments ranging from \$39,782 to \$42,351 through 2021; interest rate at 1.58%	205,270
\$324,436 for the purchase of ELA curriculum materials for young 5s through 5th grade students due in annual installments ranging from \$52,562 to \$55,957 through 2021; interest rate at 1.58%	271,215
\$26,550 for the purchase of exercise equipment due in annual installments ranging from \$4,301 to \$4,579 through 2021; interest rate at 1.58%	22,195
\$154,158 for the purchase of instruments due in annual installments ranging from \$24,975 to \$26,588 through 2021; interest rate at 1.58%	128,870
\$76,400 for track surfacing due in annual installments ranging from \$12,378 to \$13,177 through 2021; interest rate at 1.58%	63,867
\$147,856 for the purchase of three plow trucks due in annual installments ranging from \$23,954 to \$25,501 through 2021; interest rate at 1.58%	<u>123,602</u>
Total installment purchase agreements	<u>\$ 2,379,402</u>
	concluded.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

Notes payable at year end are comprised of the following:

\$178,655 note for upgrading stadium facility due in monthly installments of \$2,500 through 2017; interest rate at 4.25%	<u>\$ 77,424</u>
---	------------------

Annual debt service requirements to maturity for installment purchase agreements and note payable are as follows:

Year Ended June 30,	Principal	Interest	Total
2017	\$ 569,298	\$ 42,241	\$ 611,539
2018	500,146	31,842	531,988
2019	508,604	23,384	531,988
2020	517,188	14,801	531,989
2021	361,590	6,030	367,620
	\$ 2,456,826	\$ 118,298	\$ 2,575,124

Compensated absences are generally liquidated by the general fund.

10. NOTES PAYABLE

The District has two short-term state aid anticipation notes totaling \$9,117,526, of which \$117,526 is interest, and included as a liability in the general fund at June 30, 2016. The notes carry interest rates of 1.4625% and 1.080% and are due August 22, 2016.

Short-term debt activity for the year ended June 30, 2016, was as follows:

	Beginning Balance	Additions	Deductions	Ending Balance
State aid note	<u>\$ 9,000,000</u>	<u>\$ 9,000,000</u>	<u>\$ 9,000,000</u>	<u>\$ 9,000,000</u>

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

11. OPERATING LEASE

The District entered into an operating lease for copiers in 2014 with an original balance, including interest, of \$210,310. The lease term is sixty (60) months, ending August 4, 2020. The cost per year will vary due to the flexible use of equipment and the number of copies produced per month. The following is a schedule of future minimum lease payments:

Year Ended June 30,	Amount
2017	\$ 42,062
2018	42,062
2019	42,062
2020	7,010
	<u>\$ 133,196</u>

12. RISK MANAGEMENT

The District is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries (workers' compensation), as well as medical benefits provided to employees. The District has purchased commercial insurance for general liability, employee injuries/workers' compensation, property and casualty and health claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage during the last fiscal year.

13. CONTINGENCIES

Under the terms of various Federal and State grants and regulatory requirements, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants and requirements. Such audits could lead to reimbursement of the grantor or regulatory agencies. However, management does not believe such disallowances, if any, would be material to the financial position of the District.

14. PROPERTY TAXES

Property taxes levied by the District are collected by various municipalities and periodically remitted to the District. The taxes are levied as of July 1 and December 1, and are due upon receipt of the billing by the taxpayer. The actual due dates are September 14 and February 14, after which time the bills become delinquent and penalties and interest may be assessed by the collecting entity. School District property tax revenues are recognized when levied to the extent that they result in current receivables (collected within sixty days after year end). Amounts received subsequent to August 29 are recognized as revenue when collected.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

15. RETIREMENT PLAN

Plan Description

The Michigan Public School Employees' Retirement System (the "System" or MPERS) is a cost-sharing, multiple-employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (the "State") originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available at www.michigan.gov/mpsers-cafr.

Benefits Provided

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

DB member plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

Contributions and Funded Status

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2015 valuation will be amortized over a 21-year period for the 2015 fiscal year.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

The table below summarizes pension contribution rates in effect for fiscal year 2015.

Benefit Structure	Member Rates	Employer Rates
Basic	0.0% - 4.0%	22.52% - 23.07%
Member Investment Plan (MIP)	3.0% - 7.0%	22.52% - 23.07%
Pension Plus	3.0% - 6.4%	21.99%
Defined Contribution	0.0%	17.72% - 18.76%

The District's contribution to MPSERS under all pension plans for the year ended June 30, 2016 was \$6,101,948.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the District reported a liability of \$66,306,598 for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 2014. The District's proportion of the net pension liability was determined by dividing each employer's statutorily required pension contributions to the system during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2015, the District's proportion was 0.27147%, which was an increase of 0.01155% from its proportion measured as of September 30, 2014.

For the year ended June 30, 2016, the District recognized pension expense of \$6,188,274. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ -	\$ 219,627	\$ (219,627)
Changes in assumptions	1,632,609	-	1,632,609
Net difference between projected and actual earnings on pension plan investments	338,442	-	338,442
Changes in proportion and differences between employer contributions and proportionate share of contributions	2,169,683	-	2,169,683
	<u>4,140,734</u>	<u>219,627</u>	<u>3,921,107</u>
District contributions subsequent to the measurement date	5,581,827	-	5,581,827
Total	<u>\$ 9,722,561</u>	<u>\$ 219,627</u>	<u>\$ 9,502,934</u>

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

\$5,581,827 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2017	\$ 770,009
2018	770,009
2019	681,461
2020	<u>1,699,628</u>
Total	<u>\$ 3,921,107</u>

Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The total pension liability in the September 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry age, normal
Wage inflation rate	3.5%
Investment rate of return:	
MIP and Basic plans (non-hybrid)	8.0%
Pension Plus plan (hybrid)	7.5%
Projected salary increases	3.5% - 12.3%, including wage inflation at 3.5%
Cost of living adjustments	3% annual non-compounded for MIP members
Mortality	RP-2000 Male and Female Combined Healthy Life Mortality Tables, adjusted for mortality improvements to 2025 using projection scale BB. This assumption was first used for the September 30, 2014 valuation of the System. For retirees, 100% of the table rates were used. For active members, 80% of the table rates were used for males and 70% of the table rates were used for females.

Assumption changes as a result of an experience study for the period 2007 through 2012 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2014 valuation. The total pension liability as of September 30, 2015, is based on the results of an actuarial valuation date of September 30, 2014, and rolled forward using generally accepted actuarial procedures, including the experience study.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

Long-term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2015, are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Expected Money-Weighted Rate of Return
Domestic equity pools	28.00%	5.90%	1.64%
Alternative investment pools	18.00%	9.20%	1.66%
International equity	16.00%	7.20%	1.15%
Fixed income pools	10.50%	0.90%	0.09%
Real estate and infrastructure pools	10.00%	4.30%	0.43%
Absolute return pools	15.50%	6.00%	0.93%
Short-term investment pools	2.00%	0.00%	0.00%
	100.00%		5.90%
Inflation			2.10%
Investment rate of return			8.00%

Discount Rate

A discount rate of 8.0% was used to measure the total pension liability (7.0% for the Pension Plus plan, a hybrid plan provided through non-university employers only). This discount rate was based on the long-term expected rate of return on pension plan investments of 8.0% (7.0% for the Pension Plus plan). The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

Sensitivity of District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 8.0% (7.0% for the Hybrid Plan), as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (7.0%)	Current Discount Rate (8.0%)	1% Increase (9.0%)
District's proportionate share of the net pension liability	\$ 85,486,203	\$ 66,306,598	\$ 50,137,406

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued MPSERS financial statements available on the State of Michigan Office of Retirement Services website at www.michigan.gov/orsschools.

Payable to the Pension Plan

At June 30, 2016, the District reported a payable of \$910,944 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2016.

Other Postemployment Benefits

Retirees enrolled in MPSERS before September 4, 2012 have the option of participating in the *Premium Subsidy* plan, a defined benefit postemployment healthcare plan, which is funded by employers on a prefunded basis. The State of Michigan has contracted to provide the comprehensive group medical, hearing, dental and vision coverage for retirees and beneficiaries. All health care benefits are on a self-funded basis. A significant portion of the premium is paid by MPSERS with the balance deducted from the monthly pension. Employer contributions range from 2.71% to 6.83% of covered payroll. Plan participants contribute 3% of covered payroll to the Retiree Healthcare Fund. At retirement, these individuals receive a subsidy for healthcare premiums that covers up to 80% of cost.

Plan members enrolled on or after September 4, 2012 participate in the *Personal Healthcare Fund*. This defined contribution other postemployment benefits plan includes a required 2% employee contribution into a personal tax-deferred account, which is matched by an additional 2% employer contribution. Employees are fully vested in these contributions which can be used, along with earnings thereon, to pay for postemployment healthcare expenses. Plan members working prior to September 4, 2012 were given the option to convert from the Premium Subsidy plan to the Personal Healthcare Fund option. Effective February 1, 2013, these members are no longer required to make the 3% employee contribution. Amounts paid into the Retiree Healthcare Fund between September 4, 2012 and February 1, 2013 were credited to each individual's Personal Healthcare Fund account. Any contributions made prior to September 4, 2012 were declared unconstitutional by the Supreme Court. Such amounts will be refunded by MPSERS to each District, including interest, and will then be refunded to individual employees.

BEDFORD PUBLIC SCHOOLS

Notes to the Financial Statements

The District's contributions to MPSERS for other postemployment benefits amounted to \$2,218,975 for the year ended June 30, 2016.

16. NET INVESTMENT IN CAPITAL ASSETS

As of June 30, 2016, net investment in capital assets was comprised of the following:

Invested in capital assets -	
Capital assets being depreciated, net	<u>\$ 21,566,698</u>
Related debt -	
Installment loans and note payable	(2,456,826)
Less: installment loans for noncapital items	<u>827,615</u>
Total related debt	<u>(1,629,211)</u>
 Net investment in capital assets	 <u><u>\$ 19,937,487</u></u>

17. SINKING FUND

The Sinking Fund Capital Project Fund records capital project activities funded with Sinking Fund millage. For this fund, the District has complied with the applicable provisions of §1212(1) of the Michigan Revised School Code and the applicable section of the Revised Bulletin for School District Audits of Bonded Construction Funds and Sinking Funds in Michigan.

18. SUBSEQUENT EVENT

On August 22, 2016, the District borrowed \$9,000,000 in State Aid Anticipation Notes. The notes bear interest at a rate of 1.2% and are due on August 21, 2017.
